

Editorial Note

Journal of FisheriesSciences.com

The Journal of FisheriesSciences.com, Insight Medical Publishing (iMedPub LTD), is an international prominent open access journal which published articles globally in the prime field of fishing technology, fisheries management, sea foods, aquatic (both freshwater and marine) systems, aquaculture systems and health management, aquatic food resources from freshwater, brackish and marine environments and their boundaries, including the impact of human activities on these systems and its applied fields and return it to the forefront of conceptual developments in the discipline. Its is an open access and peer reviewed journal by eminent Editorial Board and the manuscripts are peer-reviewed by potential reviewers according to their research interest.

For the last 14 years, published papers have been under the strong and able leadership of our Editor-in-Chief's Dr. Stacy Arnold Charles Nelson. Especially, we are thankful to for his continuous support and dedication towards the journal will not lost. We the publication office of Journal of FisheriesSciences.com including me, we all are very honoured and grateful for his selfless devotion towards the journal.

We provide a rapid turn-around time possible for peer reviewing and publishing the article online and to disseminate the articles freely for research, teaching and reference purposes.

Scope of the Journal: The scope includes study and recent advancements of research developments and technologies in all aspects of fisheries sciences, including fishing technology, fisheries management, sea foods, aquatic (both freshwater and marine) systems, aquaculture systems and health management, aquatic food resources from freshwater, brackish and marine environments and their boundaries, including the impact of human activities on these systems. Manuscripts showcasing recent developments in modern research practices including Fisheries management, Sea foods, Aquatic health management, Fishing technology, Fish pathology, etc are solicited.

Applied Strategies in 2020

We have applied many strategies in 2020, i.e.

- Using contacting through Mobile (Whatsapp) phones
- Sent Call for papers for the eminent in the field
- Approaching the Editors suggested eminent
- Approaching potential reviewers for the Call for papers
- Maintaining the frequency of articles.

Conclusion

I wish to provide some perspective from the cycling research community of Journal of FisheriesSciences.com with regard to a recent Editorial note of our Journal. I solely believe

that the quality of the journal is based on the Eminence presence in the Editorial Board as well as Reviewer Board (potential reviewers) who strive to make the papers significantly productive and helpful for the scientific community.

Stay Safe & Healthy...!

Thank you!

With kind regards,

April Jones,
Associate Managing Editor,
